

## IM-MON-07P / 09P TFT MONITOR

- Available in 7" and 9" Options
- 2 Composite Video Inputs
- Easy Front Panel Operation
- Bracket and Panel Mounting
- Horizontal and Vertical Mirror Function
- Full Brightness Control - 350cd
- PAL / NTSC Autosensing

Introducing the IM-MON-07 and IM-MON-09 dedicated composite video monitors from Iris Innovations. For applications where a separate video screen is required to view on board camera systems, or where chart plotters do not have a built in video function. The MON-07/09 both feature dual video inputs, simple front panel operation, high bright displays. Added features include horizontal and vertical mirror function. Horizontal mirror especially useful for rear facing cameras. The MON-07/09 units are built into stylish, low profile lightweight plastic housings. Extremely easy to install and operate, and with very low power consumption, these new monitors are a perfect solution for monitoring your boat's camera system.
